Dear Mr. Day,

I am advised by the Utah Division of Oil, Gas & Mining that you are conducting mining operations for limestone upon the above described state trust lands. You have no mineral lease, permit or approval from the School and Institutional Trust Lands Administration to conduct such operations. Your activity is in violation of Section 53C-2-301 of the Utah Code and you may be charged with a Class B misdemeanor.

You are requested to immediately cease all operations upon the above described trust lands and to submit to this office a full and complete accounting of all limestone or other materials severed from the lands. Please include copies of all sales invoices and weight tickets. Failure to comply with this request within the next thirty days may result in other actions by the Trust Lands Administration to recover damages.

Sincerely,

John T. Blake
